

Stremicks Heritage Foods Voted #1 Organic Milk In America

Ever wonder who the first person was to look at a cow and say, "I think I'll squeeze these dangly things here, and drink whatever comes out"? Well, they don't know who exactly that brilliant individual was but they sure are happy that they made such an amazing discovery!

Stremicks Heritage Foods™ has over 30 years experience producing dairy fresh products. Now they're offering the finest in Organic Milk. Certified Organic means you can be assured that their cows are fed only naturally grown corn and grain, and graze on pastures that are free from synthetic pesticides, herbicides, and fertilizers. As well, their cows are never given any growth hormones or antibiotics so they produce purely delicious milk. From what they feed their cows, to how they produce their milk, their name says it all. They're naturally the best.

Their motto is "Naturally the Best" and they strive to live up to that slogan everyday and to produce healthful products that their consumer is proud to enjoy and serve to their family.

All of Stremicks Heritage Foods beverages are produced under strict quality control with special attention paid to the taste and freshness of the product.

By using a special flash heating and cooling technology, their ultra-pasteurized milk stays fresh and healthy up to three times longer than other milk products— with no preservatives added!

The American Masters of Taste is a food & beverage judging organization made up of 10,000 Chefs and Masters of Taste. Our full time occupation is selecting superior tasting products in world markets to recommend to taste professionals and ultimately to consumers. The American Masters of Taste was founded in 1989 by Chef Jesse Sartain.
